

KEITH BENNETT PRESENTS HIS NEW CD: JUMPIN' AT THE YALE

The Keith Bennett band has performed regularly at the Yale Hotel in Vancouver for the past six years. The Yale Hotel, one of Canada's premier blues clubs, boasts live music seven nights a week and has hosted an astonishing array of world class musicians over the years. When rumors of the closing of this prominent musical attraction began to surface recently, it seemed only natural to me to retain an audio snapshot of my time there. This recording is what we sounded like on any given night. I have been honoured to have had the opportunity to work with such great talent both on the stage and behind the scenes on this project. My warmest thanks to all those involved.
